Company: Movement Research

Venue: Movement Research at Eden's Expressway

Location: New York, NY

Classes combine skills and applications of Body-Mind Centering® systems and patterns of development and evolution, practices of Contact Improvisation, and tunings of somatic approaches within solo, duet (strong emphasis on partnering) and ensemble dancing. I am interested in the very physical, sensorial and imaginative, and in discovering new challenges and risks within our movement, of both body and mind that unwind and weave improvisational and compositional processes. KARINNE KEITHLEY SYERS TEACHES ON FEBRUARY 7&28, MARCH 14&21, AND MAY 23-JUNE 27.
