Fabio Minagawa

The Women Gather is a ritual of healing created by an international ensemble of women-identified artists. This ritual takes place in an environment created by the ensemble, in a soundscape of our voices and bodies and the voices of our mothers and our grandmothers. We come to this space with different stories, different cultures, different bodies. We gather to create a safe space to exist and to gather our strength for what lies ahead. All are welcome.

ANIKAYA/Wendy Jehlen
280 Broadway
New York , NY, 10007
