Queens Theatre presents: Valerie Green/Dance Entropy

A diverse program featuring three energetic works, including: the premiere of Titanic.Si, a dance/theater work based on the story of the great ship Titanic, a special project with guest artists from Slovenia. Hinge a movement tour de force, celebrating the time-honored tradition of live music and dance with MuSE, Multicultural Sonic Evolution. And Inexplicable Space, a mysterious, odd collection of movements and encounters amidst an installation of steaming crystal balls and flying orbs, inspired by 50 fortune cookies.

"A visual feast of energy and movement."
