B. Neville

Manhattan contemporary ballet company Neville Dance Theatre presents four world premiere works filmed for the cinematic frame by O&K Productions in and around New York City, in a special broadcast concert celebrating the music of Beethoven and contemporary composers.

This 45-minute concert features the beauty of ballet and the energy and excitement of contemporary dance through two excerpts from the company's newest ballet "Beethoven Suite" plus special arrangements of "Embers"(Fire) and "Zephyr"(Air) from "Elements", an innovative ballet evoking the four elements.

Concert also includes interviews with the choreographers, film shoot outtakes, and behind-the-scenes footage from the making of our engaging and special spring season.
