YVONNE MEIR: Advanced Releasing into Scores

1-3pm August 4-8 \$120

"Utilizing a deeper knowledge of somatic techniques, we will dive into advanced releasing. Releasing will give us room for expansion and the power to explore emerging improvisational scores. Some scores stay as purely physical phenomena, extracted from releasing work, while other scores will be transformational, emerging and working from the base of the "empty" body."

MELT Intensives are a series of daily workshops in technique, somatics, improvisation, composition that provide an opportunity to engage with some of the most innovative artists in the field of dance today. Register online in advance.
