How to install trend micro activation code ?

1. First of all go at www.trendmicro.com/bestbuypc and download the software that you can do without a CD or DVD. All you need is a good internet connection for the purpose.
2. You will find a 20 character alpha-numeric string (xxxx-xxxx-xxxx-xxxx-xxxx) which is your product key. If you buy a retail card from best buy, you will find this unique code on the backside of the card that you need to enter.
3. Install trend micro with this Product Key by entering this unique product key to complete the installation process and clicking on the 'Submit' button.

With the trendmicro.com/bestbuypc Product Key, you can complete the installation process all by yourself.
