Innovative Fundraising Platform by iRobinHood

► [Share](#) | [Print](#) | [Download](#)

Dear Dance NYC Community,

We are pleased to introduce a new way for you to support your fundraising efforts. Through an innovative fundraising platform created by iRobinHood, each time you and your supporters purchase goods and services at over 2,200 (and growing!) sites, a donation will automatically be made to your not-for-profit organization. You can shop at places like eBay, Amazon, Expedia, Walmart, Groupon and hundreds of others at no cost to you or your supporters. Even searches count towards donations!

The toolbar does not track your surfing behavior and does not include any spyware or malware. Your privacy will be safeguarded as personal information is not collected.

Please contact support@irobinhood.org or visit www.irobinhood.org to sign up.

About iRobinHood

iRobinHood is designed to empower non-profit organizations through partnerships with merchants and social networks. iRobinHood provides non-profits with tools that enable them to raise funds, without spending a dime, by transferring funds from online merchants to our organizations – redirecting funds from the ones who can afford to give, to the ones who need it most, just like Robin Hood.
