---

Our colleagues at the New Jersey Theatre Alliance ([www.njtheatrealliance.org](http://www.njtheatrealliance.org)), the only statewide service organization for professional, not-for-profit theatre companies in the U.S., are considering developing an individual artist membership for theatre practitioners living in their state. Your input will help them in the design of this program and how it will best benefit you and your fellow artists. Please help them by taking this brief survey, through which you could win a \$100 American Express gift card. The survey closes on March 12, 2011, so be sure to complete it before that date. <https://www.surveymonkey.com/s/njta>
