Monday, March 31, New York State passed an on-time budget budget for 2014-2015 including \$35.6 million in grants funding through the New York State Council in the Arts, in line with the current year and the Governor's Executive Budget. Thank you for your work to make the case for vibrant State funding. Please also join Dance/NYC in thanking Governor Andrew Cuomo and the New York State Legislature for their support of the arts and culture.
