Dear Dance Community,

In light of the continued racist attacks against Asian, Asian American, and Pacific Islander people in the United States and across the world we invite you to join us for a moment of solidarity and collective action. The violence that has occurred over the past few days and throughout this year is the result of continuous xenophobia seeded by white supremacy and the ongoing systemic failures exacerbated by COVID-19. We remain firmly in support of the wellbeing and safety of our Asian American dance colleagues and continue to champion the role that dance can play to foster the inclusion, integration, and human rights in the New York City metropolitan area.

Dance/NYC has compiled a list of actions and resources that you can take today and over the coming days in support of Asian, Asian American, and Pacific Islander communities, which can be found on Dance/NYC's [racial justice resources page](#).

We want to thank our Justice, Equity and Inclusion organizational partner [Asian American Arts Alliance](#) for providing some of the resources shared and for their ongoing work in support of Asian American artists.
