Dance.NYC Ad Submission Instructions & Deadlines

Instructions for Creating and Editing Ads

Dance/NYC web ads are self managed through each user's dashboard and we cannot create nor amend ads on your behalf. Please find the steps on how to do so below:

- 1) Log in to your Dance/NYC account here: www.dance.nyc/users_login/
- 2) Once you've logged in, you'll be taken to your user Dashboard.
- 3) Scroll down and you will find a square on the right hand side titled "Ads". All of your submitted ads should appear here.
- 4) If you are creating an ad, click the grey button that says "CREATE ADS". If you are editing an ad, select the campaign that you would like to edit and click the link that reads "edit", which appears on the right of the campaign title. You will be taken back to the ad creator interface.
- 5) From here, you will be able to create or edit your ad, re-uploading any graphics that need to be changed out, or editing any copy that needs to be revised.
- 6) Once you've uploaded the correct information, click "SUBMIT"
- 7) You should receive a message that reads "Success!" and your ad will be updated on the website.
