History

Produced by Battery Dance in association with Battery Park City Authority, the Battery Dance Festival is New York City's longest-running free public dance festival. Established in 1982 by President and Artistic director Jonathan Hollander, the Festival gathers a combined audience of 12,000 people over the course of one week.

It provides a unique opportunity for both professional and emerging dancers and choreographers to present original works of high artistic merit in a free public forum. The Festival revels in the panoply of dance that our NYC offers, with strong emphasis on the inclusion of diverse dance styles and an international roster of performers.

Preferred volunteer qualities:

Deep interest in supporting community programs through arts
A clear sense of commitment and responsibility
Positive and enthusiastic attitude
Minimum age: 16
No special requirements are needed

Please send us an email to: dj@batterydance.org. Please include specific shifts and potential interests. Close to the Festival dates there will be 1 training session.
