Compensation: N/A

Body Artifacts Performance Incubator is thrilled to be presenting "ANGEL VISITS" at St. John the Divine on February 15th, with performances at 5:30 pm and 8 p.m.

ANGEL VISITS explores the intersections of queerness and religion, using site specific contemporary dance performance. Bringing explicitly queer stories into this monumental religious site, four choreographers respond to and redefine the way queerness can be expressed within the "House of God".

We understand the financial difficulity facing artists in our community, and so are offering the discount code ARTIST20 for 20% off on tickets.
