Looking for dancers for an easy assignment! Please review the material from the video link I have attached and send your own video performing the choreography. You can include your own creative elements! If you would like any feedback before or during your process, you can always ask. The piece is performed to an original score of music with spoken word, both also available upon request. This is the initial part of an ongoing project. There is no compensation however you can use this opportunity to expand your resume, enhance your creative skills, and be seen within the dance community.
