We are an organization that values diversity, justice, equity, and inclusion. What are the disability demographics of your total staff, contractors, and board, including leadership (as applicable)? (required)

“Disability” and “Disabled” as used by Dance/NYC are intended as markers of identity and membership within a specific minority group connected by social, political, and cultural experiences. The use of the term disability is not intended to assign medical significance. This use of language follows movements in disability studies and disability rights, discussed in detail in Simi Linton’s seminal “Claiming Disability: Knowledge and Identity” (simlinton.com/about_claim.htm). Further, this formulation of disability encompasses all impairments—mobility and physical, sensory (including, but not limited to, vision and hearing), intellectual, cognitive and/or learning, and psychological, whether readily apparent or not.

What are the immigration demographics of your total staff, contractors, and board, including leadership? (required)

Dance/NYC follows leadership in immigrant rights by embracing a wider understanding of the term “immigrant,” one that allows individuals to self-identify as immigrants, regardless of their classification by U.S. Citizenship and Immigration Services, and includes people who are foreign-born and their descendants. Dance/NYC also recognizes the term as a marker for identification and membership within specific minority groups connected by social, political, and cultural experiences.
